

BAND SAW Ø 300 mm.

Article N° 1 123

Supplier : **MEP**
Type : **SHARK 332 CCS HYDRA**

State of the article : **6.0 New**

Number :

SHARK 332 CCS HYDRA, saw for simple cuts without operator between 60 ° left and 45 ° right.

CUTTING CYCLE

- After positioning the helm, the new console is used to access the controls for:
- closing of the vice;
- launch of the cutting cycle using the weight of the bow controlled by a hydraulic brake circuit to adjust the speed of advance.

Once the cut has been made, by acting on the keyboard controls, the operator raises the bow by means of a hydraulic drive to the necessary position and loosens the pneumatic vice allowing a new advancement of the bar.
